

Operations Associate

Field Operations · Flo Mobility

ABOUT FLO MOBILITY

Flo Mobility builds robotic systems for the construction industry — one of the most complex, operationally demanding environments in the world. As we scale across projects and geographies, field operations are how that technology becomes real-world impact.

KEY RESPONSIBILITIES

Field Operations & Execution

Support day-to-day operations across project locations; assist with onboarding and setup at new sites; travel as required to ensure smooth, timely execution.

Operational Efficiency

Observe on-ground workflows to identify improvement opportunities; support rollout of operational processes and execution standards.

Reporting & Communication

Maintain operational trackers and field reports; share structured updates with the central operations team and escalate critical issues promptly.

WHO SHOULD APPLY

- Comfortable in on-ground operational environments
- Coordinates effectively with multiple stakeholders
- Proactive, execution-focused, and adaptable
- Willing to travel between cities as required

WHY JOIN FLO MOBILITY

- Work in a fast-growing startup solving real operational challenges
- Gain hands-on exposure to large-scale field operations

ABOUT THE ROLE

You'll support field operations across active project locations — coordinating site teams, supporting onboarding, improving execution workflows, and handling operational challenges. A highly execution-oriented role for someone comfortable with field exposure, intercity travel, and fast-paced environments.

Site Coordination

Coordinate with site engineers, supervisors, operators, contractors, and vendors; act as the bridge between field teams and internal stakeholders.

Workforce & Operations Support

Coordinate operators and field teams for daily activities; support attendance tracking and ensure adherence to timelines and requirements.

QUALIFICATIONS

- Graduates from any discipline may apply
- Prior exposure to construction sites, infrastructure, or field operations preferred
- Strong communication and coordination skills
